

Posti toimitustavat guidebook

“Posti toimitustavat” plugin adds 7 Finnish Post Office shipping methods to WooCommerce online store:

- Letter
- Home delivery package
- Post package
- Cash on delivery package
- SmartPOST
- EMS
- Rahti

Cash on delivery has own payment method. Shipping method names can also be changed.

Shipping methods can be set at WooCommerce – Settings – Shipping – Shipping zones. More info available at: <https://woocommerce.wordpress.com/2016/02/10/shipping-zones-to-ship-with-2-6/>

All the necessary information needs to be included in shipping methods settings. Posti pricing list can be used as a reference.
